TEJAS TUKARAM KHANDEKAR

Data Analyst | SQL • Python • Power BI • Statistical Modeling

Kolhapur, Maharashtra | (+91) 7720899829 | tejaskhandekar693@gmail.com | linkedin.com/in/tejas-khandekar

PROFESSIONAL SUMMARY

Detail-oriented data analyst with hands-on experience in statistical analysis, data mining, and business intelligence reporting. Proficient in SQL, Python, Power BI, Tableau, and Advanced Excel, with working knowledge of PySpark and Hive for large-scale data processing. Skilled in applying statistical modeling techniques including hypothesis testing, regression, t-tests, chi-square tests, and KNN to extract actionable insights. Strong communicator and project manager, experienced in collaborating with cross-functional stakeholders to translate raw data into business-ready reports.

SKILLS

Databases & Big Data: SQL (MySQL), Hive (familiar), PySpark (familiar), ETL Processes

Programming: Python (Pandas, NumPy, Matplotlib), Java (Basic)

BI & Visualization: Power BI, Tableau (familiar), Advanced Excel, Power Query, KPI Dashboards

Statistical Modeling & Data Mining: Hypothesis Testing, Regression, KNN, t-test, Chi-square Test, Exploratory Data Analysis, Trend Analysis

Project & Stakeholder Management: Project Management, Stakeholder Reporting, Structured Presentations, Team Collaboration

Emerging Tech: Generative AI (ChatGPT, Copilot, Gemini), Machine Learning (Intro), GitHub, VS Code, Agile Methodology

EXPERIENCE

Data Analyst Intern | QSpiders *Jan 2026 – Present · Pune, Maharashtra*

- Designed and maintained Power BI dashboards to visualize KPIs and business performance trends, enabling data-driven decision-making across teams.
- Applied statistical and analytical thinking to identify trends, patterns, and opportunities — translating complex data into clear, actionable recommendations for stakeholders.
- Collaborated closely with cross-functional team leads to integrate KPIs into structured reports, demonstrating effective project management, teamwork, and communication skills.
- Solved data quality problems through cleaning, transformation, and ETL processes using Python (Pandas, NumPy) and SQL, ensuring accuracy and integrity.
- Applied Generative AI tools to streamline reporting workflows and stay current with emerging technologies in data analytics.

Power BI Intern | SkillInfytech IT Solutions Pvt. Ltd. *Mar 2026 – Apr 2026 · Remote*

- Designed and deployed Power BI dashboards to present data in a clear, structured, and actionable format for business stakeholders.
- Conducted ETL processes using basic Python and SQL to clean and transform raw data, demonstrating problem-solving under real-world data engineering constraints.
- Communicated analytical findings through structured reports following professional practices; gained exposure to industry data engineering and analytics workflows.

PROJECTS

Sales Analysis Dashboard

Power BI · ETL · SQL · Data Visualization

- Built an interactive Power BI sales dashboard applying ETL and SQL to track KPIs and visualize performance trends; communicated insights to stakeholders to support data-driven decisions.

Financial Analytics Dashboard

Power BI · Data Analysis · Excel

- Developed a financial performance dashboard analyzing revenue, expenses, and profit metrics — enabling better financial reporting and improved insight delivery to management.

HR Analytics Dashboard

Power BI · Data Analysis

- Created an HR analytics dashboard to track employee attrition rates and workforce KPIs; improved HR decision-making through accurate, timely visual reports demonstrating analytical thinking.

Diwali Sales EDA

Python · Pandas · Matplotlib · Statistical Modeling · Data Visualization

- Performed exploratory data analysis and statistical modeling on a Diwali sales dataset using Python to identify customer purchasing behaviour, seasonal trends, and actionable business insights.

EDUCATION

B.Tech – Computer Science & Engineering *Sep 2022 – May 2026*
Sanjay Ghodawat University | CGPA: 8.03

HSC (12th) | Shraddha College, Ichalkaranji, Kolhapur *Jun 2020 – Jun 2022*
Percentage: 77.33%

SSC (10th) | Nehru Vidya Mandir, Kotoli *Jun 2019 – Jun 2020*
Percentage: 92.80%

CERTIFICATIONS

- HackerRank SQL (Basic) – HackerRank (Mar 2026)
- Power BI Intern Certificate – SkillInfyTech IT Solutions Pvt. Ltd. (Mar–Apr 2026)
- Data Analytics Job Simulation – Deloitte (Forage) (Jan 2026)
- Data Visualisation Virtual Experience – Tata (Forage) (Jan 2026)
- Data Analytics with Python – NPTEL (May 2025)
- Python Essentials 1 – Cisco Networking Academy (Jan 2026)
- Build Your Own Generative AI Model – NxtWave (Aug 2024)
- Introduction to Machine Learning – Skillected (Jun 2025)

POSITION OF RESPONSIBILITY

Student Leader – Generative AI Workshop | NxtWave *Aug 2024*

- Recognised for leadership and teamwork during a hands-on AI workshop — coordinating team activities and supporting participants, demonstrating communication skills and willingness to engage with emerging technologies under the guidance of AI expert Mr. Abhinav Devaguptapu.
